Ripping Race For Socialites

LONDON (UPI) — Five pretty post-debutante members of Britain's wild Chelsea "smart set," which last week threw a riotous party on a subway train, have switched to car racing for a soapbox derby against Britain's best-known sports car drivers.

The big race down a hill at Brand's Hatch racing circuit next Monday had the girls out for practice in racing helmets, racing gloves and goggles and skin-tight trousers.

In the only accident of the day, Susan Hampshire, daughter of chemical tycoon George K. Hampshire, crashed her racer on Kidney Bend, where five drivers have been killed in three years of regular races.

However, at eight miles an hour, Susan suffered only a slight rip in her tight pants.

CKDA's Hill Awarded Radio Honor

David H. Hill, general manager and vice-president of Victoria radio station CKDA, was among 16 new members admitted yesterday to the Quarter Century Club of the Canadian Association of Broadcasters.

The new members were admitted during a broadcasters' convention in Toronto. Only persons with 25 years' service in broadcasting are eligible for membership.

Gertie's Getting Gorilla

Before leaving for Florida, Frances, a 10-month-old gorilla, poked a tentative finger at Henry Trefflich, pet shop owner in New York. Down south, the little monkey will be studied by Gertrude Lintz, famed anthropologist, who will probe the animal's psychological make-up.

Tickets Beat Towing

'Busters' Fluster Aldermen

Victoria cars may not be "bustered" after all.

Last year city council gave first reading to a bylaw providing that cars parked from 4 to 5.30 in zones where parking is prohibited at that time should be towed away. Owners would have to pay towing charges to redeem them.

This emulation of Vancouver's system in which "Buster" towing trucks tow away illegally parked cars was shelved while towing contract details were studied.

City engineer James Garnett suggested yesterday that details having been settled, tenders should be called. But public works committee wavered.

"I'll tell you now, I'll oppose it," said Ald. Elmer McEwen. "This city's too small for it, and it's not necessary at all.

"I don't like this towing-away business," Ald. Geoffrey Edgelow said. "I'd rather have the police and commissionaires pay a little more attention to the cars in these zones."

"Perhaps we should have a study of the number of parking spaces involved and the number of violations," suggested Ald. Hugh Ramsay, and the committee and the city engineer quickly agreed.

Sisters Keep Doctor Busy

SALT LAKE CITY (AP)—Identical twins Mrs. Merrill L. Anglesey and Mrs. Glen Brock, 19, gave birth to daughters 19 minutes apart on Sunday.

Dr. Kenneth Hill was all ready for them. Sixty-seven minutes earlier he had delivered a daughter for their older sister, Mrs. Kirt J. Lamb, 21.

Alaska's brown bears vary in color from dull brown to almost black, and sometimes are mistaken for grizzly bears.

Loading Zones Unloaded?

To increase parking space, downtown loading zones may be loading zones only until noon—if too many firms don't object.

City council public works committee voted yesterday to advertise the suggestion that the loading zones become public parking spaces after noon each day, possibly with meters of a distinctive color, such as yellow.

Comments of downtown merchants and the city's supply and trucking firms will be solicited. Area affected would be between Broughton and Herald, and between Blanshard and Government.

Mrs. Dufour Re-Elected

Mrs. Patricia Dufour, 619 Transit, was re-elected chairman of the Victoria branch, Navy League of Canada, Monday for a second year.

She said the executive is "well satisfied with the work and progress made last year by the branch." Capt. Walter Brown, who devoted 35 years to training sea cadets, received a certificate of merit.

Others elected were Lieut. E. A. McFadyen, RCN (Ret.), first vice-chairman; D'O. T. Rochfort, second vice-chairman, and William George, treasurer.
